About US

The Galician Confederation of People with Disabilities (COGAMI) is a non-profit organization, declared of public utility, which was created in 1990 to provide services to people

with disabilities. Constituted by more than 50 representative entities of the physical and organic physical and organic disability, it has 10 social

economy entrepreneurial initiatives, generating employment to more than 1,000 people throughout the organization.

Counselling and intervention

With the aim to foster participation in equality of opportunities, we offer information, counselling and guidance in management and accessing to the existent social resources. We carry out interventions addressed at women, minors and people in situation of dependency; and we also raise awareness, focusing on the capabilities of the person.

Accessibility

Aiming at enhancing the autonomy of people with disabilities, we carry out consulting activities, we implement projects to improve the accessibility and removal of barriers, and we also provide counselling on legislation, technical aids, ergonomics and spaces following the principles of universal design on upgrading accessibility in homes and buildings.

Training

Considering the needs of the persons with disabilities, we develop a training program addressed to the acquisition of skills for their professional development. Likewise, the demands of local business fabric are considered, since the final objective of this program is to achieve their labour insertion.

Employment

We provide the necessary tools for the active search for employment with the counselling and personalized support of the Employment Service, a benchmark in the labour inclusion of people with disabilities. In addition, we connect people with companies, facilitating accompaniment during their incorporation into the labour market, in addition to generate employment in our Social Initiative Special Employment Centres.

We focus on the person

We promote personal autonomy and meet the needs of the people with disabilities, bringing services nearer and providing them support.

Aimed at improving the autonomy and quality of life of people with disabilities, we offer specialized services.

We are present throughout the region of Galicia, with service points in the seven cities and we move onto rural areas town halls.

Early care

Aimed at children from 0 to 6 years old with needs affecting their development and with an personalized attention methodology, we manage early care services.

Day care

We offer personalized attention through the provision of rehabilitation programs, basic education, training and craft workshops, sports, cultural and leisure programs, in addition to adapted transport and dining services at our day and occupational centres.

Personal assistance

Addressed to support the person with a severe disability, providing them greater independence and allowing them access to leisure, training, employment services, by the hiring of a personal assistant.

Support to organizations

To strengthen the associative movement, we provide information and counselling services to our entities; we offer training; and we organize social and health awareness events.

Supporting products

We put at disposal to people who need it, after prior assessment of the situation, a loan service of support products.

Volunteering

We conduct accompaniment and support to individuals; specialized training; and we also carry out awareness-raising activities through our Volunteering Network.

Leisure

We encourage active, dynamic and open participation to the needs of people with disabilities, organizing and bringing sports and leisure activities adapted to all people.
